APRIL, 2025

**NEXT LEVEL
hai ye!**

Our endeavor is to create demand for high value-added products of India across the world

Shree Narendra Modi

- Prime Minister of India

**YASHOBHOOMI CONVENTION CENTRE
NEW DELHI**

Welcome to
VIBRANT BUILDCON

**WHERE
INNOVATION
BUILDS
THE
FUTURE!**

“Indian Ceramics gaining solid Global Footing!”

– Shri Piyush Goyal, Minister of Commerce & Industry

“Being an ethical power is one aspect of the Indian Way!”

– Shri S. Jaishankar, Minister of External Affairs of India

Vibrant Buildcon 2025

The ultimate destination for Building Innovation!

We are excited to provide a vibrant platform for industry leaders, innovators and enthusiasts to convene and impact the future of construction. Explore the latest advancement in sustainable materials, cutting-edge technology and architectural solutions at this conference, which serves as vital and complementary resource for all segments of the industry, with hundreds of business opportunities available throughout the exhibition.

Sectors

Ceramic, Tiles & Sanitaryware

Marble, Granite & Stone

Hardware, Bath Fittings & Sink

CP, Pipe Fittings

Timber, Plywood, Laminates & Flooring

Paints, Gypsum Board

Glue, Adhesive & Chemicals

Electrical, Lightings & Cable Wire

Renewable Energy & Rooftop

Glass, Window Sections, Railing, Door & ACP Sheet

Cement, TMT Bars, AAC Blocks

Elevators & Escalators

And Many More...

YASHOBHOOMI (IICC)

(India's largest convention and exhibition centre)

- Located in Dwarka, New Delhi, at the border of Delhi-Gurgaon.
- Location- **10 km** from Delhi Airport.
- Public Transport -Metro station located inside the exhibition hall offers direct internal access to Airport.
- Accommodation- **3,600 rooms** in the adjacent Aerocity.
- Parking facilities for **2,900 Vehicles**.

Why Exhibit?

Global Branding Opportunity

Opportunity to Connect With Global Buyers

Learn Global Best Practices

Introduce New Offerings of Company

Expand Distribution Network

2000+

International Visitors from **100+** countries

50,000

sq.m. Area

1,50,000+

Domestic Visitors

600+

Exhibitors

Stall Rate

USD 250 Per Sq. m. + Tax

Exhibition Hall -2 Yashobhoomi (ICC)

- Sponsor
- Plywood, Laminate, Glass, Window, Door, ACP Sheet
- Electrical & Lighting
- Hardware, Bath, CP Fitting
- Solar & Rooftop
- Paints, Gypsum Board, AAC, TMT bars, Glue Adhesive, Cement
- Reserve for International Exhibitors
- Other Building Material, Elevator, Escalator

Exhibition Hall -1 Yashobhoomi (ICC)

- Sponsor
- Ceramic, Tiles & Sanitaryware
- Marble, Granite, Stone

Why Visit?

One-stop solution for the whole value chain, from building material manufacturers and exporters to importers, distributors, and end users.

1. Gain An Overview Of The Market & Industry
2. Find New Business Opportunity
3. Direct Access To Manufacturers
4. Explore The Latest Trends & Innovations
5. Easy Access To Global Market

OFFERINGS:

Complimentary for All International Delegates

| 04 Invite to Inauguration Ceremony | 05 Invite to Entertainment Evening | 06 Tourism support |
| 07 B2B, A2A and G2G meetings | 08 Pick up from hotel to exhibition venue | 09 Drop from exhibition venue to hotel |

Planned International RoadShows

India: The Global Hub for Building Materials Demand

India's booming building sector is a testament to its rapid economic growth and government-led initiatives. As the world's fastest-growing economy, India is experiencing an unprecedented demand for building materials, making it the ideal platform for international exhibitors to showcase their products. Our upcoming global trade exhibition provides an unmatched opportunity for businesses worldwide to tap into this thriving market.

1. Unmatched Growth in India's Building Sector

India's building industry is projected to grow at a CAGR of 8.9% between 2023 and 2028, making it one of the fastest-expanding sectors globally. The Indian government is focusing heavily on infrastructure development, with an estimated \$1.4 trillion allocated for projects under the National Infrastructure Pipeline (NIP) through 2025. This focus has fuelled immense demand for Building materials, offering a wealth of opportunities for international manufacturers and suppliers.

Highlights:

- **Housing:** The government's flagship initiative, PM Awas Yojana, aims to provide affordable housing for all, targeting the building of 20 million urban homes and 30 million rural homes by 2025. This has resulted in a surge in demand for essential materials like cement, steel, plywood, and tiles.
- **Infrastructure Boom:** India plans to build 100 new airports by 2025, adding to the development of metro rail networks, high-speed trains, and smart cities. The building of high-tech airports has generated significant demand for high-quality materials such as steel, advanced hardware, and eco-friendly building products.

2. Government Initiatives Driving Demand

- Several high-impact government programs are further driving the need for building materials in India:
 - **Smart Cities Mission:** With a budget of over \$24 billion, the Smart Cities Mission aims to develop 100 smart cities across India. These cities require cutting-edge materials like Ceramic Tiles, Sanitary Ware, Glues and Adhesives, Hardware, Solar panels, marbles and many more

- **Gati Shakti Master Plan:** The government's \$12 billion Gati Shakti plan focuses on improving India's infrastructure network, from roads and highways to ports and power grids. This initiative opens avenues for global suppliers to cater to India's growing need for building-related materials like Ceramic Tiles, Cement, Glues and Adhesives, and Plywood.

3. India: A Lucrative Market for Global Exhibitors

India is currently the second-largest producer of cement globally and is expected to become a \$738.5 billion market for Building materials by 2026. The country is investing heavily in green building materials, ensuring sustainable growth in the sector, and aligning with global environmental standards. International exhibitors at our trade exhibition will be able to tap into this massive market potential and partner with Indian buyers eager for new products, technologies, and innovations.

Opportunities for International Exhibitors:

- Exposure to over 20,000 Building professionals attending the event.
- Access to India's 1.4 billion population, where Building is at an all-time high.
- Forging partnerships with leading developers, architects, and infrastructure companies.
- Leverage India's move toward sustainable materials—from bamboo flooring to recycled glass tiles.

4. Why Exhibit in India?

The demand for Building materials is at an all-time high, with the government committing over \$20 billion toward infrastructure projects. India's drive toward sustainable, smart infrastructure has created an extraordinary business environment. Exhibitors have the chance to enter or expand in a market ripe with opportunity and growth.

In 2022 alone, India saw a 16.5% increase in the import of Building materials, demonstrating a strong appetite for high-quality international products. The building material industry's projected annual growth rate of 10% ensures that exhibitors will find sustained demand in this burgeoning market.
