18-22 JANUARY 2020
INDIA EXPO MART
GREATER NOIDA, NCR, INDIA
WHERE THE WORLD OF ELECTRICITY MEETS THE FUTURE
Anil Saboo  
Chairman, ELECRAMA 2020

“ELECRAMA is a platform to connect the world with Indian industry in respect of technology, new trends and innovation for future energy transition. It is also a stage where all global leaders can meet and share their ideas to develop cost effective solutions for the world. India is expected to become the fifth largest Economy in the world by the end of 2025 and we invite our global counterparts to be partner in our growth story”
The industry leaders must embrace digital technologies and come up with futuristic solutions to meet India's growing need for sustainable power. The industry must align itself with the government's vision of LPG – liberalization, privatization, globalization – and brace up for global markets.

Venkaiah Naidu
Hon’ble Vice President of India

The Indian electrical and electronics industry has the skills and the capacity to even explore global markets. As a global event showcasing integrated solutions to complex energy problems, it is also a leading business networking, knowledge and thought leadership platform for the industry.

Suresh Prabhu
Hon’ble Union Minister of Commerce and Industry

ELECRAMA is about innovation, a lot about new technologies and it showcases India's strength so that we can look forward to more engagement with the world. More exports and the best of class equipment being used in the power sector in India.

Piyush Goyal
Hon’ble Union Minister of Railways & Coal
COVERING THE ENTIRE ELECTRICITY ECOSYSTEM

Whatever be the application area, if it is about electricity, then it is on display and discussion in ELECRAMA-2020. Presenting you a wide gamut of industries and application areas that are strategic to the Electrical business of the future.

- GENERATION
- TRANSMISSION
- DISTRIBUTION
- POWER ELECTRONICS
- RENEWABLES
- ELECTROMOBILITY
- AUTOMATION
- POWER STORAGE
THE NEW ERA: 
INDIA, A preferred destination for doing business

India has gone up significantly in World Bank’s Ease of doing Business index and with a consistent GDP growth rate of more than 7%, the Country is now the 5th largest economy of the world, with GDP projections of US$ 5 trillion by 2025 & US$ 10 trillion.

Renewables  IoT  Railway Electrification  Industry 4.0  Storage  e-Mobility

India provides a huge opportunity for business collaboration, technology transfer, sourcing tie-ups or even setting up manufacturing base

THE NEW REALITY. NEW CHALLENGES

ELECTRIC VEHICLES  INTERNET OF THINGS  SKILL BUILDING  MAKE IN INDIA

TECHNOLOGY + MANUFACTURING
ELECRAMA got overwhelming response in terms of global participation:

**ELECRAMA 2020**

**VISITOR PROFILE - ELECRAMA - 2020**

- 3% FINANCIAL INSTITUTION
- 4% GOVERNMENT
- 5% STUDENT
- 10% TRADER
- 12% CONSULTANT
- 14% UTILITIES
- 15% CONTRACTOR
- 37% INDUSTRY

**PROJECTION FOR 2020:**

- 1300+ exhibitors
- Gross area of 1,10,000 Sq Mtrs
- 450 foreign exhibitors
- Overall participation from 120 countries
- More than 1.5 billion USD of business to be generated
- 3,50,000+ footfalls over five days.
ELECRAMA is the flagship showcase of the Indian Electrical Industry ecosystem and the largest congregation of power sector ecosystem in the geography.

ELECRAMA brings together the complete spectrum of solutions that powers the planet. Featuring not just equipment & technology, but peerless thought leadership platforms for everything electric - from technical conclaves to industry summits.

The 13th edition of ELECRAMA was held at IEML, Greater Noida from the attendance of who's who in the power industry, both domestic and international.
World Utility Summit™ is a pioneering thought leadership forum, which attempts to set the agenda for the future, actively playing the role of a key enabler for the ecosystem and to develop optimal solutions, technology & products.

The World Utility Summit is a unique biennial event, jointly produced and promoted by IEEMA, ELECRAMA and IEEE.

The World Utility Summit is the only global platform that attempts to bring the global Utilities together and chart their future course, especially in the wake of fast changing global dynamics in the electricity sector that also has deeper implications to the electrical equipment manufacturers. This will be the third edition of the summit.

Global Platform for Utilities

WUS-2018 was spread over three days with the theme which provided Electricity, Water and Gas Utility personnel to discuss with Industries, Consultants, Service Providers, Researchers and Regulators and re-define the “Utility of Utilities” in the changing business environment.
eTechNxt – The Electrical & Electronics Industry’s Pathfinder

Winds of change are in motion. The Electricity domain is getting intertwined with digital/internet tech (including IoT & AI), Industry 4.0, energy storage, transportation electrification & evolution of next gen consumer behavior & is thus set to undergo a metamorphosis.

New value is thus expected to be created, globally, in trillions of US$. India shall be among the “new value” creation hotspots. The Electrical & Electronics Industry in India thus has many new opportunities.

eTechNxt comprises of Digital Transformation of Power Delivery | Energy Storage Systems | IoT, AI & Electricity | e-Mobility | Startup Forum | Engineer Infinite Technology Conference

eTechNxt 2018 was supported by key partner organisations, namely IEEE, IET, India Energy Storage Alliance (IESA), India Electronics & Semiconductor Association (IESA), NASSCOM IoT CoE, Society of Indian Automobile Manufacturers (SIAM), SMEV&TiE. This is a unique confluence of thought leadership from diverse industry segments.
REVERSE BUYER SELLER MEET

CHANGEXCHANGE 2020 - The IEECA Reverse Buyer Seller Meet at ELECRAMA-2020 offers an unparalleled vendor access opportunity for buyers to reach out to all manufacturers of high quality but immensely competitive electrical equipment and components.

ChangeXchange – The fourth Reverse Buyer-Seller Meet

- 650 Hosted International Buyers.
- Attracted buyers from around 60 countries including South East Asia, the Middle East, Latin America, CIS countries and SAARC countries.
- Business queries worth Rs 6,500 crore generated during the meet.
VENUE

INDIA EXPO MART, GREATER NOIDA, NCR, INDIA

- Connected with Delhi by 8 lane high speed expressway
- State-of-the-art, multi-functional venue
- World-class facilities and safety standards
- 100 mtrs. from the nearest metro station
