Mandeep Singh Puri
Chairman, ESC

MESSAGE FROM CHAIRMAN

Electronics and Computer Software Export Promotion Council (ESC) welcomes you to explore business alliances with Indian ICT delegation to France as well as Spain where you can have a first hand feel to a spectacular Indian ICT capabilities. It will be an excellent opportunity to interact with Indian ICT entrepreneurs who will offer you a wide perspective of Indian ICT capabilities.

This golden opportunity enables you to forge business linkages, joint ventures, technology transfers, outsourcing and capability upgradations. I am sure the ICT companies in both France & Spain will capitalize upon the opportunities and forge linkages, business agreements with the Indian ICT entrepreneurs. It will also help in ushering bilateral relationships into a new matrix of growth and enhance the verticals of cooperation between the two countries.

I hope this conglomeration of ICT intellectuals will further augment India's ICT's trade with both France & Spain.

(Mandeep Singh Puri)

Gurmeet Singh
Executive Director, ESC

ELECTRONICS AND COMPUTER SOFTWARE EXPORT PROMOTION COUNCIL (ESC)

With its headquarter in New Delhi and a network of Regional Offices in India such as Bangalore, Chennai, Hyderabad and Kolkata and its Representative Office in Dubai, UAE, ESC is India's premier export promotion organisation. The main objective is to promote the Electronics and Information Technology exports from India to the global market.

ESC has around 2300 member companies engaged in export of:

- **Electronics Hardware**
- **Information technology and services**
- **IT enabled services**
- **Telecom hardware & software**

ESC has transformed itself into a dynamic, proactive institution equipped to meet the aspirations of Indian ICT industry in this fast changing technological world. ESC maintains its tradition to look into the needs of the ICT Industry as the concept of "Industry - Government partnership" is assuming significant importance and has to be prudently fostered to speed up the economic and industrial development of the nation. ESC is committed to assist member companies to compete globally and maintain their lead in the IT and Electronics sector. ESC shoulders the responsibility of serving its constituents efficiently and effectively.

- As the bridge between exporters and policy makers;
- As a proactive matchmaker between exporters and global buyers;
- As a one-stop-shop for information on ICT exporters and as the first port of call and intermediary for Indian and foreign electronic, telecom and IT firms wishing to expand their business activities in India and beyond their national border; and

- By organizing Indian participation in specialized ICT meets / international trade fairs

Today, ESC is acknowledged as the principal voice of Indian ICT industry both with the policy makers and the international business community at large. With its heterogeneous membership, it combines the entrepreneurial spirit and business acumen of ICT stalwarts with the management skills and expertise of professionals, to set itself apart as an institution with a difference.

MISSION

As a representative organ of corporate India, ESC articulates the genuine, legitimate needs and interests of its member exporters. Its mission is to impact the policy and legislative environment so as to foster a balanced economic, industrial and social development.

GOALS

- To ensure that the views and concerns of ESC are heeded by policy makers
- To be proactive on policy initiatives that are in consonance with its mission
- To remain sensitive to the development needs and concerns of its members
- To broaden the membership base
- To provide platforms to its member exporters for networking with ICT buyers overseas

ESC'S INTERNATIONAL CO-OPERATION ACTIVITIES

ESC organizes and participates in international conferences and industry level talks. It implements joint activities with international trade associations to exchange information, provide technological support and exchange trade missions. As a catalyst for the Indian ICT industry, ESC is a one stop window to assist overseas buyers of ICT products and services, electronic instruments etc. for exploring the possibility of business co-operation, strategic alliances with Indian firms. ESC also helps foreign firms seeking investment opportunities in India in the electronics hardware and IT software and services sector.

MOUs

ESC has Memorandum of Understanding (MoUs) with over 50 prestigious world trade development bodies across the global markets and is on the mailing list of all the Indian Missions abroad.

INDIASOFT

ESC created an exclusive global networking event INDIASOFT in 2001. Today INDIASOFT brand has created India's brand equity and the buyers across the world visit INDIASOFT event in a large number to source innovative Indian IT products & services. The next edition of INDIASOFT will be organised on 3rd & 4th March 2020 at Hyderabad, India <www.indiasoft.org>.
