

Tides of the Indian Ocean have always favoured intrepid trading communities. Traders who dared were the ones who established new trade routes that shaped the structure of the world economy. Incredibly, it was SPICES that enticed them to the Indian peninsula, starting the era of maritime trade along the Indian Ocean and port cities flourished across the Indian Ocean through profitable trade.

Now, it's time for the global spice fraternity to plan their visit to 'the Spice Bowl of the World' to be a part of 'the largest global event dedicated to spices'!

Yes, Mumbai, the premier port of trade and the 'city of dreams', is all set to host the much anticipated 'World Spice Congress', during 16-18 February 2023.

Organized under the leadership of 'Spices Board India' (Ministry of Commerce and Industry, Govt. of India), in association with the leading trade associations and export forums, the 'World Spice Congress' (WSC) has established itself as the world's largest platform, fostering trade, technology and innovations in SPICES sector, over three decades of its existence.

In its 13 successful previous editions since 1990, the WSC could bring together the global spice fraternity under one roof and remains a much sought after and well attended event for the global spice community.

The forthcoming WSC will continue in its hallowed tradition of bringing together the best in business, be it industry leaders, experts, service providers, policy makers, regulators, etc., and serving as a platform of 'collective gain', for demonstration of modern technologies and novel products, deliberations on emerging as well future challenges, sharing latest information on trends and opportunities in the sector, etc. In short, the ensuing WSC has every ingredient to foster and strengthen trade linkages and to propel the sector to greater heights.

Organized with the support of Indian Spice and Food Stuff Exporters' Association, Mumbai, Indian Pepper and Spice Trade Association, Kochi, Indian Chamber of Commerce, Kolkata and Federation of Indian Spice Stakeholders, Ahmedabad, the 14th WSC is scheduled to be held during 16-18 February 2023 at CIDCO Exhibition and Convention Centre, Vashi, Navi Mumbai, the vibrant port city on the Konkan coast of Western India.

Come, let us be part of the legacy and sail together towards a glorious future...!

**Please have your registration and keep your dates reserved for this mega event !**
